Here's the scoop: November 15th is the first day a person with Medicare can enroll in a prescription drug plan. The easiest way to identify plans that best meet a person's drug needs, location and financial situation is through the on-line plan finder tool. This user-friendly tool will be "live" to the public on October 17, 2005 and can be found at www.medicare.gov after that date.

Questions can be directed to Ashley Katz at the CMS, Region X office: Ashley.katz@cms.hhs.gov or (206) 615-2540.

Training will be provided by the Centers for Medicare & Medicaid Services (CMS), and is sponsored by the IDHW, SHIBA and the Idaho Partner Taskforce on Medicare Prescription Drug Coverage.
